SEMINOLE COUNTY GOVERNMENT AGENDA MEMORANDUM

SUBJECT: BAR #08-98 - \$263,971,551 - Various Departments - Various Funds - Reversal of

Carryforward

DEPARTMENT: Fiscal Services **DIVISION:** Budget

AUTHORIZED BY: Lisa Spriggs CONTACT: Fredrik Coulter EXT: 7180

MOTION/RECOMMENDATION:

Approve and authorize the Chairman to execute a Resolution implementing Budget Amendment Request (BAR) #08-98 (FY 2007/08) through various funds in the amount of \$263,971,551.00 in order to remove from the FY 2007/08 Budget the project funds carried forward into the FY 2008/09 budget.

County-wide Lin Polk

BACKGROUND:

As part of the Second Public Hearing for the Adoption of the FY 2008/09 Budget, certain unexpended and unencumbered project funds were carried forward from FY 2007/08 into FY 2008/09. In order to ensure that the same funds are not budgeted in both FY 2007/08 and FY 2008/09, the attached BAR reduces the project funding in FY 2007/08 by the amounts carried forward into FY 2008/09.

Attached to the Agenda Memorandum are the following documents:

- 1) Budget Amendment Request (BAR) #08-98
- 2) The Project Carryforward included in the Second Public Hearing Book, presented and approved by the Board of County Commissioners as part of the Adopted Budget for FY 2008/09 on September 23, 2008.
- 3) A reconciliation of the project carryforward to the amounts reported on the Budget Amendment Request. In the vast majority of cases, the amount that was carried forward into FY 2008/09 is equal to the net project reduction included on the attached BAR. However, there are two items in which the amounts carried forward are not the same as the amounts being reduced.

Jetta Point Park

In FY 2007/08, the Jetta Point Park project was budgeted in two separate project numbers - 00234601 & 80000008. In order to simplify the accounting for this project, the two project numbers have been combined into a single number in FY 2008/09. Accordingly, an additional \$200,000 was carried forward in 00234601, while project 8000008 had its carryforward reduced by \$200,000. The net result of

this adjustment is \$0.

Security System Access Upgrade - Public Safety Building

The carryforward of this project (00234901) into FY 2008/09 was \$300,000 higher than the amount reported as available in the FY 2007/08 budget. This increase in the project budget is funded by the Sheriff's Office allocating a portion of the amounts returned to the Board of County Commissioners at the end of FY 2007/08.

The net effect of the attached BAR is to decrease project budgets and revenues, as well as significantly increase budgeted Reserves in many funds in the FY 2007/08 Budget. The impact of these changes have already been included in the Adopted Budget for FY 2008/09.

STAFF RECOMMENDATION:

Staff recommends that the Board approve and authorize the Chairman to execute a Resolution implementing Budget Amendement Request (BAR) #08-98 (FY 2007/08) through various funds in the amount of \$263,971,551.00 in order to remove from the FY 2007/08 Budget the project funds carried forward into the FY 2008/09 budget.

ATTACHMENTS:

- 1. Budget Amendment Request
- 2. Project Carryforward (from Second Public Hearing Book)
- 3. Reconciliation
